

Desert Discovery Center
A partnership for environmental education

~ Earth Spirit ~

Exploring our Place upon this Planet and our Connection to the Environment.
We are an Inclusive Group that Promotes Education by Discussion and Doing.

Broom Making

October 1st, 6:00 PM
at the Desert Discovery Center

Many of our Gathers are explorations of crafts that have traditional roots such as Candle Dipping, Soap Making, Fiber Arts, Make Butter & Cheese, Fermentation, Leatherwork, Bone Work, Metal Casting, use of Herbs, and much more.

We also look at conservation methods, water conservation, use of renewable energy, hydro/aquaponics, permaculture, composting and reuse of materials.

As our Group's name implies, we aim to see a connectedness to living things and our environment.

This group has been continuously active at Fort Irwin since 2008.
Through the years, Many have asked us to move some activities to Barstow.
Here we are!

Gathers take place on the First Thursday of Each Month
